

THE MOST ADVANCED NAME IN DRAINAGE SYSTEMS

April 28, 2009

Re: ADS ARC36HC Chamber (ADS Part #3616BDH20)
Load Rating – H20

To Whom It May Concern:

In reference to the ARC36HC H20 chamber, it is capable of supporting AASHTO H20 loading with 18" of cover. This cover is within an acceptable safety factor.

The sanitary chamber can be backfilled per local code requirements with typical drainfield backfill material.

The chamber meets IAPMO PS 63-2005, "Material and Property Standard for Plastic Leaching Chambers".

If you have any questions or comments, please don't hesitate to contact me.
